**Business advice service**

## Larger businesses often have in-house solicitors to guide them through day to day issues and tricky legal head scratchers.

But if you run a smaller business, and haven't got the same budget, it can feel like you have nowhere to turn. Added to that, you probably haven't got the time (or inclination) to trek to a solicitor's office or fill out complicated forms, just to get some basic legal advice.

We believe everyone should have access to dependable legal advice, without having to pay over the odds or jump through hoops.

In a free 30 minute consultation, we can provide clear and pragmatic legal advice to guide you through all aspects of employment and business law. We can meet you in person, or communicate via email or by phone, to fit in with your daily commitments.

We often find that some basic advice at the outset is all it takes to prevent an issue arising or escalating in the first place.
